

## It's Snowtime!

Welcome, everyone!  
We're glad you're here!  
Can you guess what time it is?  
Well.....

It's snowtime, it's snowtime  
So let's get on with the snow  
There's no time like snow time  
'Cause "On With The Snow" is the name of our show

Just sit back and enjoy the fun  
We've got a little somethin' for everyone  
So bundle up let the cold wind blow  
We're gonna tell everyone we know  
It's time to go on with the snow

There's snow on the sidewalk and snow on the roof  
*(ooo, sure hope my boots are waterproof)*  
There's snow on the highway and snow on the lawn  
*(Snow from Snohomish to Saskatchewan!)*  
So what can you do when there's nothing but snow?

Just get your friends together  
Forget about the weather  
And practice together to put on a show!

It's snowtime, it's snowtime  
So let's get on with the snow  
There's no time like snow time  
'Cause "On With The Snow" is the name of our show

We've got jokes and we sing and dance  
But sorry here's a spoiler, there's NO romance (ew!)  
So bundle up, let the cold wind blow  
We're gonna tell everyone we know!  
It's time to go on with the snow!

## **B-r-r-r! (The Shiver Song)**

What can you do when your lips turn blue  
And everything becomes a blur  
And what can you do when you're frozen clear through  
Gotta shiver, brrrrr!

Your nose is froze, not to mention your toes,  
You wish that you could grow some fur  
The winter storm grows as the cold wind blows  
Gotta shiver, brrrrrr!

Shiver in your elbows  
Shiver in your knees  
Shiver in your cold, cold nose  
Shiver til you've gotta sneeze, achool!

Now if you're feelin' cold as ice  
Well, here's some mighty bold advice  
Just find yourself a cuddly elf  
Or wrap your arms around yourself and  
Sh sh sh sh sh sh shiver!

Out in the street, you get smacked with sleet,  
It's freezing, we can all concur  
It's never a treat when you can't feel your feet,  
Gotta shiver! Brrrrrr!

Wish you were snug, like a bug in a rug  
Well, that could be what you prefer  
But just give a shrug til you find a warm hug  
Gotta shiver! Brrrrrr!

Shiver at the top now  
Shiver at the bottom  
Shiver in your fingers too  
Just be glad that you still got 'em!

Now if you're feelin' cold as ice  
Well, here's some mighty bold advice  
**Just find yourself a cuddly elf**  
**Or wrap your arms around yourself and**  
**Sh sh sh sh sh sh shiver! (2x) Brrrrrrr!**

## Shoveling

Let's go!  
Shovelin' shovelin' shovel shovel shovel!  
We're shovelin' shovelin' shovel shovel shovel!  
Woh, woh, oh we're workin' the snow!

### **Frank:**

We're not here to sing, we're not here to talk  
We're here to scrape and shovel, we're doin' your walk!

### **Anderson:**

Once we get to workin' there won't even be a mutter  
When we see your snow, we shove it in your gutter!

Shovelin' shovelin' shovel shovel shovel!  
We're shovelin' shovelin' shovel shovel shovel!  
Woh, woh, oh we're workin' the snow!

### **Schantz:**

Give us ice or sleet, give us slush or snow,  
And we can clear a path for any place you wanna go!

### **Vore:**

You won't fall down, you won't even slip and slide  
You're always OK when you got shovelers on your side!

Shovelin' shovelin' shovel shovel shovel!  
We're shovelin' shovelin' shovel shovel shovel!  
Woh, woh, oh we're workin' the snow!

### **Goodenough:**

If your path is clear, you got us to thank  
You can count on us, you can take that to the snow bank!

### **Payne:**

Removing your snow is just plain hard labor  
And when there's too much, we just dump it on your neighbor!

Shovelin' shovelin' shovel shovel shovel!  
We're shovelin' shovelin' shovel shovel shovel!  
Woh, woh, oh we're workin' the snow!  
Shovels up! Sound off!

1-2-3-4 Whats that blockin' your front door?

5-6-7-8 Watch that snow accumulate!

A-B-C-D Snow as far as we can see!

W-X-Y-Z Get that stuff away from me!

Let's go!

Shovelin' shovelin' shovel shovel shovel!

We're shovelin' shovelin' shovel shovel shovel!

Woh, woh, oh we're workin' the snow!

(2 Parts)

Woh, woh, oh we're workin' the snow!

Shovelin' shovelin' shovel shovel shovel

Huh!

## Snow Buddies

**Ab. Snowman:** The three of us have been pals forever

**Sasquatch:** I'm the charmer

**Bigfoot:** and I'm very clever!

**Ab. Snowman:** One thing we know is whatever the weather,

**Sasquatch:** Come blizzard, or not

**Bigfoot:** Good friends stick together

### **ALL:**

We're snow buddies, snow buddies

Friends through thick and thin

We're snow buddies, snow buddies

It's undeniable, we're all in!

Rain or shine, wind or snow

Together wherever we go

Far and wide we're all in stride!

We're three of a kind side by side by side!

Life can have troubles

People call you scary

Your feet are too big

Or you're very very hairy!

Don't worry, there's one guarantee

I've got you and you've got me!

We're snow buddies, snow buddies

Friends through thick and thin

We're snow buddies, snow buddies

It's undeniable, we're all in!

Rain or shine, wind or snow

Together wherever we go

Far and wide we're all in stride!

We're three of a kind, we're better combined

We're side by side by side!

## **A Warm Spot in My Heart**

There's a warm spot in my heart  
For my friends and family  
No matter how cold the world may seem,  
There's a warmth inside of me

There's a warm spot in my heart  
And it's filled with love and joy  
Whenever I see the friendly smiles  
Of every girl and boy

Let the harsh wind whistle and blow  
Let the snow fall right from the start  
But I'll be snug and cozy  
Cus everything is rosy  
And warm deep within my heart

We know winters come and go  
Just like friends may sometimes part  
But I won't be sad, I'll always know  
There's a warm spot in my heart
