

## **Sing Song 1: It's Snowtime**

### **Scene 1: Frank**

**Speaker 1:** Welcome to our little show! It's called "On With the Snow" cause it's all about snow!

**Speaker 2:** We'll sing and dance and do whatever it takes, cause this is a show that celebrates flakes!

**Speaker 3:** But wait a minute, if you really want to know, I don't mind saying that I hate the snow!

**Speaker 4:** What do you mean, you hate the snow? You can't hate the snow, it's the name of our show!

**Speaker 3:** There's no need to shout and there's no need to scold. I don't like snow because it makes me cold!

**Speaker 1:** I have to agree, if the truth be told. If you're going to have snow, you have to have cold.

**Speaker 2:** Snow is cold, that is very well known. Snow can chill you right to the bone!

**Speaker 4:** Snow can make you shake and quiver when I get cold, all I do is shiver!

## **Sing Song 2: Brr...Shiver**

### **Scene 2: Anderson/Schantz**

**Speaker 1:** All this shivering has me in a tizzy. If you don't want to be cold, you have to stay busy!

**Speaker 2:** That's right! If you keep on moving along you won't have to sing the same shivering song!

**Speaker 3:** You might get cold if you just stand there waiting, but you won't get cold if you're skiing or skating!

**Speaker 4:** If you don't want your feet to feel frozen and blocky, put on some gear and play some hockey!

**(Schantz lines)**

**Speaker 1:** I've got the best idea yet! With snowshoes, you can work up a sweat.

**Speaker 2:** Hello, everyone! Do I need to remind you, the people are here and we've got a show to do?!

**Speaker 3:** This next act knows how to stay warm all right! They work all day and they work all night!

**Speaker 4:** If you're feeling cold at home in your hovel, join this group and pick up a shovel!

### **Sing Song 3: Shoveling**

#### **Scene 3: Vore**

**Speaker 1:** Ladies and gents, since the driveway is now clear, let's give our next act a great big cheer! (*cast member whispers in his ear*) It seems like we have a slight delay. The reason why is one of our performers is a little bit shy!

**Speaker 2:** He wants to perform but there is a little twist. Some of you don't even believe he exists.

**Speaker 3:** Maybe if you would clap real loud, he'd hear you are a believing crowd! (*audience claps*)

**Speaker 4:** Well that wasn't bad and you all did your best, but maybe some cheering would help our next guest (*clapping and cheering*), (*cast member whispers in Speaker 1's ear*)

**Speaker 1:** He says he's ready, your cheering did the trick. So, let's introduce him and get him on quick!

**Speaker 2:** Ladies and Gentlemen! Please put your hands together for our next guest! The Abominable Snowman is the absolute best!

**Abominable Snowman:** Thank you! Thank you very much! It's a pleasure to be here. We have so much to show, so much for you to watch. Please welcome my friends, Bigfoot and Sasquatch! (*Bigfoot and Sasquatch enter to applause*)

**Sasquatch:** Sasquatch is my name. Being here is a treat.

**Bigfoot:** You'll recognize me by the size of my feet! (*Holds up one foot*)

**Sasquatch:** No need to be afraid. No need to worry.

**Bigfoot:** No need to fear us just because we are furry!

### **Sing Song 4: Snow Buddies**

#### **Scene 4: Goodenough**

**Speaker 1:** Well those three were good, and really, so nice. But I still don't like snow and my toes are like ice!

**Speaker 2:** Well never fear for this next song will awe you, not only that, it might even thaw you!

**Speaker 3:** After all, when you're surrounded by friends, the warmth in your heart just never ends.

**Speaker 4:** And here we are, friends and all (holds up Bigfoot's foot) no matter how big

**Bigfoot:** No matter how small! (pats Speaker 4 on the head)

**Speaker 5:** We stay safe and warm, no matter the weather. We'll never be cold if we all stick together!

**Speaker 6:** Warmth never ends if it gets a good start. So finally, a tender ballad to warm any heart.

### **Sing Song 5: Warm Spot in My Heart**

#### **Scene 5: Payne**

**Speaker 1:** Well that's about it for our show about snow, but one more things before you all go!

**Speaker 2:** We have one last message to share with you. We hope you agree, each word of it true.

**Speaker 3:** As long as you're warm on the inside, you see, you can survive the cold of the outside, just like me!

**Speaker 4:** Kindness and warmth win if we let them begin, and they always win if they begin from within.

**Speaker 5:** So be nice to each other wherever you go, and now, my friends, let's get on with the snow! I mean...show!

### **Sing Song 6: Reprise: It's Snowtime!**
